

## The Project for the Development of 2 Aman Ambulance in the Bin Qasim Industrial Area, Karachi, Sindh (2014)

There is a lack of public emergency medical service in Bin Qasim area in Karachi. KUSANONE (also known as GGP grant assistance) provided 2 ambulances under “Public-Private Partnerships” in cooperation with the Indus Motors which is a joint venture with Japanese companies. The grant provided to NGO called Aman Health Care Service, which runs emergency medical services.

As a result of implementing the project, 2 ambulances have operated **11,107 times** for 3 and a half years. The project has enabled for a number of people to reach the emergency medical service in Bin Qasim area.

### Point

Well prepared for medical equipment  
it's called “Moving Hospital”
