

Visiting school
Hamdard Public School
Wednesday, May 30, 2012

On Wednesday, May 30, the Consulate-General of Japan held an introductory class on Japanese culture for 250 middle-school students at Hamdard Public School in Karachi. CGJ's staff members introduced a daily life of Japanese children, Japanese custom (e.g. bowing when people meet each other) and basic expressions in the Japanese language, etc. The students enjoyed the program very much.
